Field Trip/Activities Permission & Photography and Media Policy

Child's Name _____ Class _____

Parents, please initial either choice in the three sections below:

I _____ give _____ do not give permission for my child to participate in the school's neighborhood walks and/or field trips. I understand that I will be informed of all planned field trips and that I may withdraw my permission for a planned trip if I so desire. I understand that if I wish for my child NOT to participate in a field trip, I am responsible for caring for my child during the class field trip.

I _____ give _____ do not give permission for my child to be included in school pictures taken by the photographer contracted by the preschool, teachers and other preschool families, and give permission for those pictures to be used by the preschool in its yearbook and on its website (children's names are never used on the website). I understand that individual student portraits and class pictures are taken, developed, and posted on a password secured website. Preschool yearbooks are created on "Shutterfly" (or a similar website) and access to the photographs is user and password secured.

I _____ give _____ do not give permission for my child to be included in photographs to be used on Washington Street UMC Preschool's Spring2Action Fundraiser technology platform, GiveGab. This includes our main Washington Street UMC Preschool page and those created by authorized Washington Street UMC Preschool's Spring2Action "Free Agent" fundraisers, who are current Washington Street UMC Preschool parents. The Spring2Action fundraising campaign takes place in the spring. Images will be posted ONLY during the month of April. Washington Street Preschool will remove photographs from GiveGab by April 30.

Washington Street United Methodist Church Preschool respects and honors the privacy of all its students and their families as well as its teaching staff. **WSUMCP requests that all photography (still or video) taken during preschool, classroom, and school wide activities and events not be posted on social media or shared media websites** without the permission of parents whose child(ren) appear in these images, as well as the images of WSUMCP teachers. Washington Street UMC's policy on sharing thoughtful, responsible and respectful content and information on social media is outlined in the Family Handbook.

Parent/Guardian Name: _____

Parent/Guardian Signature: _____ **Date:** _____
